

ORMAP Historic Costs for Services, as of 2007

ORMAP Mapping Components Average Cost

The list is a sampling of costs. It does not set pricing.

Listed below is the documented range of costs for past cadastral projects in Oregon. Because cadastral projects vary in scope and effort, this list is a general guide of the average costs of services. ORMAP updates this list when grant projects are completed and newer pricing information is available.

PRE-CONVERSION PROJECT

1. Document Scanning

- A. Deeds 15 cents/page
- B. Surveys \$1.60/survey with narrative

2. Control Points

- A. Primary \$400 to \$700/pt
- B. Secondary \$300 to 500/pt
- C. GPS Urban \$60/pt
- D. GPS Rural \$100/pt
